

Name: _____

Whales Migrate in Autumn

Look at the map to see how some humpback whales migrate each autumn. Use the map key to find out what the patterns in the water mean. Then answer the questions below.

1. In which ocean do these humpback whales swim?
2. Near which state do the whales live in the summer?
3. Near which islands do some whales live in the winter?
4. In which direction do the whales travel in autumn?
